

REMARKS

The examiner is thanked for the courtesy of a telephone interview with the undersigned and one of the inventors on October 6. The substance of the interview is correctly set out in the Interview Summary Record of October 9 and as a consequence thereof, new claim 60 has been added with limited definitions of both compounds being used and the conditions specified as being treated more closely to what has been exemplified.

A petition for limited suspension of prosecution is being filed herewith and a supplemental amendment will be filed shortly

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'John Richards', is written over a horizontal line.
